

**Our Advisors have over  
250 years of combined  
Energy Industry Experience.**

**OnDemand Energy Solutions**

Founded in 1995 in Pittsburgh, Pennsylvania, our primary intent is helping our business customers manage their energy need both on the supply and demand side of the meter.

Our staff is comprised of more than 40 energy experts offering over 250 years of combined experience in managing the complexities of energy supply, delivery and consumption, and controlling the impact on your bottom line.

OnDemand has managed over 15 billion kWh's of electricity transactions and continues to manage over 5 billion annual kWh's within the PJM territory.

The Somerset Chamber of Commerce is committed to helping its members save money and mitigate increases due to the rising cost of energy. The ChamberChoice Energy Program is managed by OnDemand Energy with the primary intent of helping their business customers manage energy needs both on the supply and demand side of the meter. OnDemand offers professional energy procurement consulting that allows their clients to continue to focus on their core business needs.

Through a partnership with OnDemand Energy, Chamber Members Businesses have access to cost effective commercial and residential energy solutions in all the major utility territories. OnDemand Energy is the largest consultant/broker in Pennsylvania with an annual load of approximately 5.0 billion kWh's for over 35,000 commercial and industrial meters and 6,500 active business customers and over 25,000 residential customers. OnDemand offers the widest array of supply products available; including fixed price, blended block and index, layered fix, shaped block and index to your actual usage and managed pool products.

### **Save on Electric Bills.**

Today you have a choice in electric generation suppliers. The ChamberChoice Friends & Family Residential Program from Constellation Energy is a smart choice because of the strength and stability of the program. Enroll today to be eligible for a \$50 Visa Gift Card.
