

Build Your Network, Build Your Future!

It is a proven fact that meeting and engaging with proven leaders will have a profound affect on your own success. Building a network of these individuals provides a wonderful opportunity to learn from them, while they learn more about you. Many successful careers have been launched because someone referred them or reached out to them about a potential opportunity. Networking is also great for connecting on a social level and opens up the opportunity to find people with similar interests, such as, sporting clays, bicycling, golf, skiing or any other activities that you enjoy.

As a young upcoming leader in the region, we encourage you to join us at the first ever, Action Mentoring Event at the Seven Springs Mountain Resort Sporting Clays Facility. We have offered you a reduced price to participate and hope you can take advantage of the opportunity to network with our local business leaders.

The great thing with sporting clays is that everyone can enjoy it, whether you're a true beginner or a seasoned pro. Join us!

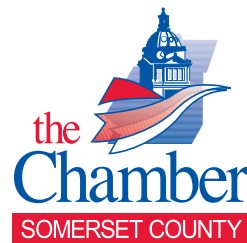

Networking is marketing. Marketing yourself, marketing your uniqueness, marketing what you stand for.

(Christine Comaford-Lynch)

What is Action Mentoring?

Engaging our young business leaders and soon to be graduates is vital to our growing workforce needs in Somerset County. Due to recent issues, our young business leaders and recent graduates have lost the ability to network with business, government and community leaders, which is vital to their career growth. We need to address this issue and energize our new leaders to help grow our local businesses. Prior to COVID, the shortage of skilled and quality workers was an ever-growing issue and as this economy picks up (which it will), this issue will again be a major issue for our businesses.

We can take a proactive role as business leaders and engage our youth through Action Mentoring and help them connect and learn more about our local area, while enjoying an outdoor activity. We have a huge opportunity to keep more of our youth finding their careers locally and potentially attracting new people to our area. Join us for a morning of sporting clays, while helping to engage our young business leaders.
