

Somerset Lions Club On-line Fall Auction

The Somerset Lions Club will be holding an on-line auction as a fund raiser to help our projects and those in need in the community. The auction is being done by Dynamic Auction Group of Somerset. www.biddynamic.com and will be posted online starting about September 23 and with bidding open to about October 5. There will be an open house viewing (safe protocols followed) a day or two prior to the online opening and that will be posted on the auctioneers website. You can view and register to bid on their website once the items are cataloged.

The club is requesting anyone who would like to DONATE ITEMS for the auction to bring them to the Lions Club Building, 357 W Fairview St, Somerset, PA 15501 on Saturdays between 9 am and 12 noon starting August 22 through September 18. These can be new items, used items in good condition, vintage and antique items, gift cards, gift baskets. Our goal is to have 300-500 items for the auction. If you are unable to bring them, please call the number below and we will arrange pick-up.

The Somerset Lions Club is dedicated to continued service to the community as we have done for over 90 years. We have had a number of fund raising events cancelled and look forward to making this one a success. If you are interested learning more about becoming a lion please contact us.

Thank you for supporting the Somerset Lions Club "we serve".
