The projects must be underway and potentially completed by the end of the Leadership year. Periodic update sessions will take place during the year, as well. Ideas for projects are always welcome.

Class Assignments

We strongly advise you to explore our county and region through all means possible including, websites, visitation, social media and discussion. Come prepared to discuss issues you feel are important to the success of our county and region, as well as, what you see as strengths or weaknesses that promote or deter your personal and professional growth.
