HAIR BY HAYLEY

3, 2, 1, lift off!

By Ron Aldom,
Executive Director, Somerset
County Chamber of Commerce

Ron Aldom

While we may not be launching a rocket into space, we are launching a multitude of events and programs in 2023 that will make an impact on our mission to support the businesses and communities of Somerset County. Space doesn't allow me to highlight everything, so here are a few of the big ones starting out the year:

Winter Kick Off on January 6th is a huge networking event at Seven Springs with our partners from the Pittsburgh Business Exchange that brings business professionals together from over 30 chambers and organizations to meet and potentially help grow their businesses.

Mega Show: Our big, no...huge Home and Business Expo held at the Galleria Mall that offers 100+ local business vendors the opportunity to showcase their products and services to thousands of shoppers. The new location came as a result of the growth of the Mega Show and the lack of a large facility in Somerset County. Now, it actually attracts more shoppers.

Golf Bash: Held annually to support the chamber's workforce education programs in all 11 school districts is being held on Saturday, April 29th at the Bakersville VFD Hall. Over \$35,000 in prizes and a fun filled afternoon for those in attendance. Tickets go on sale soon.

Eggs and Issues: Our information platform that brings exciting and pertinent speakers to address issues affecting our county and region. Future presentations include: County Update, State Update, Center for Rural Pennsylvania, Congressman Reschenthaler, and more. Watch the chamber newsletter or our e-newsletter for information.

Ag Career Day: Brings over 700 eighth graders to a local farm, where they hear from over 30 presenters on the careers in the agriculture industry. Everything from entry level to degreed positions are presented in a farm setting in Somerset County. Last year's day was a huge success!

More to come: Just stay connected to us and you will all profit from the events and programs offered by the Somerset County Chamber.

GOLF BASH INFO

Tickets for the Somerset County Chamber of Commerce's annual Golf Bash, set for April 29th at the Bakersville Vol. Fire Dept. Banquet Hall, will go on sale in February.

Similar to a cash bash or a gun bash, admission to this fundraiser includes eligibility for all prize drawings awarded at intervals throughout the day, including a major grand prize golf getaway. More than \$30,000 in fabulous golf prizes, including top-of-the-line equipment, apparel, travel packages, outings and more, will be awarded. Each ticket will include discounts to area golf courses. Additional small games of chance will be available with prizes that include outings and a Weber Genesis Smart Grill.

Doors will open at noon and drawings will be held at intervals between 12-4 p.m. Guest passes, which will include admission and the buffet only, will be available at the door. New this year we will incorporate 15 prizes in 15 minutes during the event, must be present to

win these special prizes. Winning ticket numbers for the regular ticket prizes at timed 10 minute intervals throughout the day do not need to be present to win.

Proceeds from this event will benefit projects and initiatives of both the Somerset County Chamber of Commerce and the Somerset County Foundation, a 501(c)(3) through which programs like Leadership Somerset County and Success in Somerset County are funded and operated.

The 1,000 tickets available for purchase will go on sale at the Chamber and online for \$50 per person.

Contact the Chamber at (814) 445-6431 or info@somersetcountychamber.com for additional details on this event or to be added to an email list to receive updates as they become available.

The Chamber will be seeking volunteers to help with this event. If you're interested in helping, contact Sandy at the Chamber.

FIRE & ICE

JANUARY 13-15, 2023

UPTOWN SOMERSET

(814) 443-1748

somersetinc.org

The Fire & Ice theme for 2023 is Jurassic Somerset! Just imagine feeling that child-like joy as you walk

uptown admiring Jurassic-themed ice sculptures, playing games at the Kids Center, sliding down a custom ice slide, standing in amazement as fireworks light up the night sky, stopping at a bonfire to keep you warm, shopping local at a small business or the crafter and artisan market, and delighting in delicious food from uptown restaurants and food vendors lining the street. That's only the beginning!

Event, Festival, and Fair Organizers

The Somerset County Chamber of Commerce is updating the Festivals & Events Brochure for 2023. We print 15,000 brochures of these popular brochures that are distributed throughout the year to area hotels and restaurants, in various Chamber information packets, at various Chamber events and to anyone requesting festival information from our website or through the Chamber office.

We also insert the brochure in our quarterly rack through the Laurel Highlands Visitors Bureau beginning in August right before the festival season. The brochure also includes a QR Code that links to the tourism section of our website. This section includes all types of information on Somerset County tourism sites, plus it links to the Calendar of Events and Fairs & Festivals listed in the directory.

The cost to participate in the brochure is \$100.00 per festival/event. The festival/event or the organization sponsoring the event, must also be a current member of the Somerset County Chamber of Commerce. If you wish to participate, please contact the Chamber before January 6, 2023.

If you have any questions, please contact the Chamber office.

40 Somerset County Tourism Organizations and Businesses Awarded Combined Total of \$517,757

Forty Somerset County tourism-related businesses and organizations were awarded a combined total of \$517,757 during a presentation at Seven Springs Mountain Resort. Forty-eight applications were submitted for this year's program.

The annual Somerset County Tourism Grant Program is funded by revenues generated by the Somerset County Lodging tax. Awards are granted annually on the basis of merit as determined by the Somerset County Tourism Grant Review Committee and administered by the Somerset County commissioners and GO Laurel Highlands, the county's official destination marketing organization. Since the program's inception, \$6.58 million has been awarded in tourism grants.

"Somerset County continues to be the leader for so many of the outdoor recreational experiences in the Laurel Highlands," said Ann Nemanic, executive director of GO Laurel Highlands. "Truly, four seasons of offerings begin here in Somerset. Hiking, biking, fishing, skiing, snowboarding, ATV trails, snowmobile trails – these are what visitors to the region seek. Add to this the increase in the craft beverage scene, historical and cultural opportunities, and a visitor has a multitude of reasons to visit, stay, and return to Somerset County. I am excited to see over \$500,000 being infused back into the tourism base. Once again, the Somerset County commissioners remain cheerleaders for our industry with their unwavering support of the annual tourism grant program."

The combined total of \$517,757 was an increase of 11.9% from last year, and the number of grants awarded went up four, from 37 to 41. (The Confluence Tourism Association received a marketing grant and a visitor center grant.)

Grant review committee members included: Commissioner Colleen R. Dawson; George Coyle; Dave Runco, senior director of lodging operations for Seven Springs/Hidden Valley resorts; John Weir of PBS Coals; and Laura Argenbright, Director of Creative Strategy and Marketing for GO Laurel Highlands.

EMPLOYEES HEIGHTEN THEIR FOCUS ON BENEFITS

It comes as no surprise that there has been a shift in priorities for many employees over the past year. The things individuals thought were important as little as two years ago no longer seem so critical, while some issues now have come into the forefront and are deemed to be absolutely necessary.

Decision makers for employee benefits have taken notice and are responding with a revised menu of benefit options. Primarily, they're focused on enhancing benefit selections, rounding out wellness coverage, boosting mental-health coverage and adding childcare programs and telehealth options.

Employers are generally mindful of how financially stretched their employees might be and are trying to limit how much they add to their burden. Instead of raising benefit levels for all employees across the board, it may be beneficial to develop a more targeted approach and let individuals select the benefits that are best suited for them, through a voluntary benefit package as an example. One thing is clear however... in today's economy employees have shifted their perspective on compensation, focusing intensely on the employer sponsored benefit portfolio.

The Somerset County Chamber of Commerce offers its members access to My Benefit Advisor as a solution for employee benefits, including voluntary offerings. For more information about My Benefit Advisor, visit our website at somco.mybenefitadvisor.com or contact Matthew Bricker at (800) 377-3539.

EXPANDING MENTAL HEALTH BENEFITS

Many employers have expanded their company's mental health benefits as a show of support for potential jobseekers, employees and their families. The intention is to help promote employee wellbeing through better access and improved benefit levels for those feeling stressed about personal or work-life matters.

Workers seem to appreciate the efforts and are taking advantage of the services. Some of the changes business owners are making include:

- Increasing access to mental health services through methods like telehealth
- An expansion of access to in-network mental health providers
- Reduced cost sharing for mental healthcare visits
- The addition or expansion of employee assistance programs for mental health services
- Access to yoga, meditation and mindfulness sessions at the workplace or home
- Providing apps that support wellness, focusing on fitness, sleep and relaxation

By addressing issues like stress and anxiety on in a more proactive fashion, employers can reduce or even eliminate costly treatment for conditions such as hypertension, diabetes and cardiac problems. The small financial investment the employer makes now can often save substantial costs in the future.

The Somerset County Chamber of Commerce offers its members access to My Benefit Advisor as a solution for employee benefits, for more information visit somco.mybenefitadvisor.com.
